VersaPay's NURIT 8000s is a road-worthy, light-weight solution that lets customers pay wherever they may be. Whether it's pizza delivery, taxi fares or handyman gigs, accepting payments in the field just got *much* easier.

NURIT 8000s

Ideal for merchants needing a mobile point-of-sale system that offers the versatility of a portable terminal, while increasing the speed and efficiency of their sales transactions.

Using the Rogers Wireless™ GPRS Network, the NURIT 8000s provides taxi and limousine drivers, fast food delivery services, outdoor venue operators and any other field-enabled merchants with long-range mobility coverage, high-speed terminal access, product reliability and ease-of-use.

The NURIT 8000s offers a large, backlit graphical display and keypad, and convenient touch screen with signature capture capability that allows customers to quickly approve and sign for transactions without juggling pen and paper.

You work hard for your money; the NURIT 8000s works just as hard to get it for you with ease and efficiency.
