> big bowl payment solutions for small bowl business

Big or small, local or national, VersaPay will work with you to provide custom payment solutions tailored to *your* specific needs. It's all about 24/7 personal service with a local relationship.

> High-Speed Solutions

Delivering high-traffic customer efficiency

Plug-and-play solutions that guarantee more profit with low cost, easy setup, as well as fast and secure transactions in a unit that occupies little counter space. EMV & Smart Chip compliant.

> eCommerce Solutions

Join the revolution of online processing

Get paid quickly and securely right at your PC for recurring batch or one-time payments. Virtual Terminal, Web Secure Pay, and Website/store plugin solutions replace the need for a physical terminal.

> Short-Range Wireless Solutions

In-store wireless convenience that increases client service everytime

First class service is now an everyday part of your business. Wireless solutions are carried in-store and handed to clients, decreasing credit card processing costs by providing the option of debit. EMV & Smart Chip compliant.

> Integrated Solutions

Business operations, management, and inventory control in an easy solution

Fully-integrated point-of-sale with tools for the back-office, business operations, and guest services, as well as end-to-end communications throughout your entire operation.

> Canada-Wide Wireless

Accept wireless payments anywhere in Canada

Road-worthy solutions that let customers pay wherever they may be. Pizza delivery, taxi fares or handyman calls, accepting payments in the field just got much easier. EMV & Smart Chip compliant.

> Touch Tone Capture

Process credit cards from any phone easily and securely

Low-transaction merchants, who do not want a terminal or do not have access to a PC, can still settle all transactions over a touch-tone telephone with the Interactive Voice Response (IVR) System.
