first CLASS EVERYTIME

➤ wireless solutions offering pay @ the table service

VersaPay's Ingenico i7780 makes first class service an everyday part of your business. Efficient, high-speed and cost-effective, this wireless terminal can be carried in-store and handed to customers for the ultimate checkout experience.

Ingenico i7780

The i7780 is a high-speed enabled portable transaction terminal capable of serving a range of up to 100 metres. Up to 7 terminals can operate simultaneously using one communication base, to accept debit, credit and smart card payments at the table, counter or wherever else it may be convenient to serve your client.

Built-in printer and PIN pad are perfect for the hospitality organization wishing to speed customer service while adding versatility to their checkout experience. Card payments, gift card acceptance, loyalty, prepaid services and more have never been easier to implement than with the i7780.

Offer your customers the ultimate Pay @ the Table convenience as they securely swipe their own credit or debit card with total security.

First class service is now part of every business day.

- Wireless Pay @ the Table Convenience
- Up to 7 Units on 1 Communication Base
- Anti-Theft, Tamper and Fraud Protection
